Colorado’s energy efficiency industry is thriving. Let’s keep it that way.

More than 34,000 people work in Colorado’s growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout Colorado’s economy, from manufacturing to professional services to engineering
- include a range of professions; twenty-one are shown here

From design and construction to weatherization work, **Colorado’s energy efficiency workforce matters.**

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves Coloradans money on their energy bills, helping balance family budgets

Please support policies and programs that will help keep Colorado’s energy efficiency workforce strong.
Introducing a few of the **34,000+ Colorado** energy efficiency pros
