Connecticut’s energy efficiency industry is thriving. Let’s keep it that way.

Nearly 36,000 people work in Connecticut’s growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout Connecticut’s economy, from manufacturing to professional services to engineering
- include a range of professions; thirty-four are shown here

From design and construction to weatherization work, Connecticut’s energy efficiency workforce matters.

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves Connecticuters money on their energy bills, helping balance family budgets

Please support policies and programs to help keep Connecticut’s energy efficiency workforce strong.
