District of Columbia’s energy efficiency industry is thriving. Let’s keep it that way.

Nearly 13,000 people work in D.C.’s growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout D.C.’s economy, from manufacturing to professional services to engineering
- include a range of professions; twenty-five are shown here

From design and construction to weatherization work, D.C.’s energy efficiency workforce matters.

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves Washingtonians money on their energy bills, helping balance family budgets

Please support policies and programs that will help keep D.C.’s energy efficiency workforce strong.
Introducing a few of the ~13,000 Washington D.C. energy efficiency pros

[I serve as] Director of the Healthy Sustainability Program.
Lauren Asplin, BlueGreen Alliance, Washington, D.C.

“EE is a more efficient use of our resources, natural & man-made.”
