## Florida's energy efficiency industry is thriving. Let's keep it that way.

More than 118,000 people work in Florida's growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout Florida's economy, from manufacturing to professional services to engineering
- include a range of professions; thirty-eight are shown here

From design and construction to weatherization work, **Florida's energy efficiency workforce matters.**

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves Floridians money on their energy bills, helping balance family budgets

Please support policies and programs that will help keep Florida's energy efficiency workforce strong.

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
