Massachusetts has a thriving energy efficiency industry. Let’s keep it strong.

More than 86,000 people work in MA’s growing energy-efficiency sector. Energy efficiency jobs:

- are woven through the Commonwealth’s economy, from manufacturing to professional services to engineering
- include a range of professions; 109 are shown here

From design and construction to weatherization work, the Massachusetts energy efficiency workforce matters.

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves Bay Staters money on their energy bills, helping balance family budgets

Please support policies and programs to help keep MA’s energy efficiency workforce strong.
