

SUPPORT YOUR LOCAL ENERGY EFFICIENCY INDUSTRY

Energy efficiency lowers the cost of utilities for underserved communities.

Michael Simmons, The Economic Empowerment Coalition, Baltimore, MD

Energy efficiency: America's Job-creation powerhouse

Maryland's energy efficiency industry is thriving. Let's keep it that way.

Nearly 71,000 people work in Maryland's growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout Maryland's economy, from manufacturing to professional services to engineering
- include a range of professions; forty-three are shown here

From design and construction to weatherization work, **Maryland's energy efficiency workforce matters.**

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves Marylanders money on their energy bills, helping balance family budgets

Please support policies and programs that will help keep Maryland's energy efficiency workforce strong.

I manage a company that increases efficiency in existing homes.

Michelle Griffith, Devere Home Performance, Glen Burnie, MD

Energy efficiency: America's Job-creation powerhouse

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
