I manage my company’s programs [that provide] rebates for EE improvements.
Thac Nguyen, DTE Energy, Grosse Pointe, MI

I promote] education & awareness of EE [programs].
Kia Neely, DTE Energy, Detroit, MI

Michigan’s energy efficiency industry is thriving. Let’s keep it that way.
More than 85,000 people work in Michigan’s growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout Michigan’s economy, from manufacturing to professional services to engineering
- include a range of professions; forty are shown here

From design and construction to weatherization work, Michigan’s energy efficiency workforce matters.

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves Michiganders money on their energy bills, helping balance family budgets

Please support policies and programs that will help keep Michigan’s energy efficiency workforce strong.

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
