New Jersey’s energy efficiency industry is thriving. Let’s keep it that way.

More than 36,000 people work in New Jersey’s growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout New Jersey’s economy, from manufacturing to professional services to engineering
- include a range of professions; forty-one are shown here

From design and construction to weatherization work, New Jersey’s energy efficiency workforce matters.

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves New Jerseyans money on their energy bills, helping balance family budgets

Please support policies and programs that will help keep New Jersey’s energy efficiency workforce strong.

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
