Energy efficiency:
America's
Job-creation
powerhouse

Nevada's energy efficiency industry is thriving. Let's keep it that way.

More than 11,000 people work in Nevada's growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout Nevada's economy, from manufacturing to professional services to engineering
- include a range of professions; seven are shown here

From design and construction to weatherization work, **Nevada's energy efficiency workforce matters.**

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves Nevadans money on their energy bills, helping balance family budgets

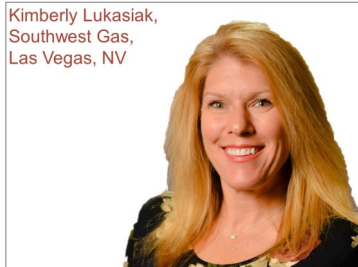

Please support policies and programs that will help keep Nevada's energy efficiency workforce strong.

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
