New York’s energy efficiency industry is thriving. Let’s keep it that way.

More than 123,000 people work in New York’s growing energy-efficiency sector. Energy efficiency jobs:
- are woven throughout New York’s economy, from manufacturing to professional services to engineering
- include a range of professions; seventy-one are shown here

From design and construction to weatherization work, New York’s energy efficiency workforce matters.

Energy efficiency improves quality of life. It:
- creates jobs
- grows the economy
- saves New Yorkers money on their energy bills, helping balance family budgets

Please support policies and programs that will help keep New York’s energy efficiency workforce strong.
