

SUPPORT YOUR LOCAL ENERGY EFFICIENCY INDUSTRY

I'm part of Helmets to Hardhats, which transitions [people] from military [service into] construction.

David Wilder, Castle Heating & Air Conditioning, Cleveland, OH District: OH11

Ohio's energy efficiency industry is thriving. Let's keep it that way.

Nearly 82,000 people work in Ohio's growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout Ohio's economy, from manufacturing to professional services to engineering
- include a range of professions; fifty-three are shown here

From design and construction to weatherization work, **Ohio's energy efficiency workforce matters.**

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves Ohioans money on their energy bills, helping balance family budgets

Please support policies and programs that will help keep Ohio's energy efficiency workforce strong.

I track efficiency regulations that impact air conditioning.

Jennifer Butsch, Emerson, Piqua, OH District: OH08

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.

Introducing a few of the ~82,000 Ohio energy efficiency pros

 @FacesOfEE
