Job-creation
powerhouse

Rhode Island's energy efficiency industry is thriving. Let's keep it that way.

Nearly 13,000 people work in Rhode Island's growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout Rhode Island's economy, from manufacturing to professional services to engineering
- include a range of professions; twenty are shown here

From design and construction to weatherization work,
Rhode Island's energy efficiency workforce matters.

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves Rhode Islanders money on their energy bills, helping balance family budgets

Please support policies and programs that will help
keep RI's energy efficiency workforce strong.

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
