Energy efficiency:
America's
Job-creation
powerhouse

South Carolina's energy efficiency industry is thriving. Let's keep it that way.

Nearly 30,000 people work in South Carolina's growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout South Carolina's economy, from manufacturing to professional services to engineering
- include a range of professions; twenty-four are shown here

From design and construction to weatherization work, **South Carolina's energy efficiency workforce matters.**

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves South Carolinians money on their energy bills, helping balance family budgets

Please support policies and programs to keep South Carolina's energy efficiency workforce strong.

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
