South Dakota’s energy efficiency industry is thriving. Let’s keep it that way.

Over 7,000 people work in South Dakota’s growing energy-efficiency sector. Energy efficiency jobs:
- are woven throughout South Dakota’s economy, from manufacturing to professional services to engineering
- include a range of professions; two are shown here

From design and construction to weatherization work, South Dakota’s energy efficiency workforce matters.

Energy efficiency improves quality of life. It:
- creates jobs
- grows the economy
- saves South Dakotans money on their energy bills, helping balance family budgets

Please support policies & programs that will help keep South Dakota’s energy efficiency workforce strong.
