Vermont’s energy efficiency industry is thriving. Let’s keep it that way.

More than 11,000 people work in Vermont’s growing energy-efficiency sector. Energy efficiency jobs:

• are woven throughout Vermont’s economy, from manufacturing to professional services to engineering
• include a range of professions; twenty-one are shown here

From design and construction to weatherization work, Vermont’s energy efficiency workforce matters.

Energy efficiency improves quality of life. It:

• creates jobs
• grows the economy
• saves Vermonters money on their energy bills, helping balance family budgets

Please support policies and programs that will help keep Vermont’s energy efficiency workforce strong.
