New Hampshire’s energy efficiency industry is thriving. Let’s keep it that way.

Nearly 12,000 people work in New Hampshire’s growing energy-efficiency sector. Energy efficiency jobs:

- are woven throughout New Hampshire’s economy, from manufacturing to professional services to engineering
- include a range of professions; fourteen are shown here

From design and construction to weatherization work, New Hampshire’s energy efficiency workforce matters.

Energy efficiency improves quality of life. It:

- creates jobs
- grows the economy
- saves New Hampshire residents money on their energy bills, helping balance family budgets

Please support policies and programs that will help keep New Hampshire’s energy efficiency workforce strong.

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
