

8,328 Jobs

SUPPORT YOUR LOCAL ENERGY EFFICIENCY INDUSTRY

I am an owner. We specialize in weatherizing mobile homes.

Clyde Moody,
Mainely Mobile,
Winthrop, ME

Energy efficiency: America's Job-creation powerhouse 

Maine's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

8,328 people work in Maine's energy-efficiency sector.

Energy efficiency jobs are in every Maine county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Mainers money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Maine's energy efficiency sector to create jobs and provide benefits for communities.

[I work] in low income weatherization, BPI training and proctoring.

Cheryl Shattenberg, Western
Maine Community Action,
East Wilton, ME

Energy efficiency: America's Job-creation powerhouse 

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
