Energy efficiency: America's Job-creation powerhouse 

Colorado's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

35,847 people work in Colorado's energy-efficiency sector.

Energy efficiency jobs are in every Colorado county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

We have to include EE as an integrated part of design solutions.

Energy efficiency: America's Job-creation powerhouse 

Support for energy efficiency will save Coloradans money and help restore local economies.

Energy efficiency is key to recovery and future growth.

Please support policies and programs that will enable Colorado's energy efficiency sector to create jobs and provide benefits for communities.

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
