Energy efficiency:
America’s
Job-creation
powerhouse

Idaho’s energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

9,112 people work Idaho’s energy-efficiency sector.

Energy efficiency jobs are in every Idaho county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Idahoans money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Idaho’s energy efficiency sector to create jobs and provide benefits for communities.

“Energy efficiency is one of the paramount parts of good architecture.”
