Energy efficiency:
America's
Job-creation
powerhouse

Indiana's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

50,721 people work in Indiana's energy-efficiency sector.

Energy efficiency jobs are in every Indiana county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Indians money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Indiana's energy efficiency sector to create jobs and provide benefits for communities.

“I distribute insulation.”
