Energy efficiency: America's Job-creation powerhouse

**Kansas'** energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

16,984 people work in Kansas' energy-efficiency sector.

Energy efficiency jobs are in every Kansas county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Kansans money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Kansas' energy efficiency sector to create jobs and provide benefits for communities.

**[I help to] reduce energy waste and improve energy use.**
