

SUPPORT YOUR LOCAL ENERGY EFFICIENCY INDUSTRY

I help small businesses in Appalachian KY reduce their utility bills.

Carrie Ray,
Mountain Association,
Lexington, KY

Kentucky's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

23,435 people work in Kentucky's energy-efficiency sector.

Energy efficiency jobs are in every Kentucky county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Kentuckians money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Kentucky's energy efficiency sector to create jobs and provide benefits for communities.

[I help] builders, developers, homeowners & architects complete green certifications.

Abby Adams,
Green Building Consulting,
Covington, KY

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
