

SUPPORT YOUR LOCAL ENERGY EFFICIENCY INDUSTRY

I enjoy working with clients to help improve their homes energy consumption.

Dorrence Reid,
Shore Up! Inc.,
Salisbury, MD

Energy efficiency:
America's
Job-creation
powerhouse

Maryland's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

66,570 people work in Maryland's energy-efficiency sector.

Energy efficiency jobs are in every Maryland county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Marylanders money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Maryland's energy efficiency sector to create jobs and provide benefits for communities.

I manage a company that increases efficiency in existing homes.

Michelle Griffith,
Devere Home Performance,
Glen Burnie, MD

Energy efficiency:
America's
Job-creation
powerhouse

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
