Energy efficiency: America's Job-creation powerhouse 

**Maine's** energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

8,684 people work in Maine's energy-efficiency sector.

**Energy efficiency jobs are in every Maine county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.**

**Support for energy efficiency will save Mainers money and boost local economies.**

**Energy efficiency is key to equitable growth.**

Please support policies and programs that will enable Maine's energy efficiency sector to create jobs and provide benefits for communities.

**[I work] in low income weatherization, BPI training and proctoring.**
