Energy efficiency: America's Job-creation powerhouse 

**Energy efficiency:
America's
Job-creation
powerhouse**

Montana's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

8,285 people work in Montana's energy-efficiency sector.

Energy efficiency jobs are in every Montana county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Montanans money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Montana's energy efficiency sector to create jobs and provide benefits for communities.

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
