Energy efficiency: America's Job-creation powerhouse

**North Carolina's** energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

78,338 people work in North Carolina's energy-efficiency sector.

Energy efficiency jobs are in every North Carolina county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will North Carolinians money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable North Carolina's energy efficiency sector to create jobs and provide benefits for communities.
