

SUPPORT YOUR LOCAL ENERGY EFFICIENCY INDUSTRY

North Dakota's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

5,110 people work in North Dakota's energy-efficiency sector.

Energy efficiency jobs are in every North Dakota county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save North Dakotans money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable North Dakota's energy efficiency sector to create jobs and provide benefits for communities.
