Energy efficiency:
America's
Job-creation
powerhouse

Nevada's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

12,173 people work in Nevada's energy-efficiency sector.

Energy efficiency jobs are in every Nevada county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Nevadans money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Nevada's energy efficiency sector to create jobs and provide benefits for communities.
