Energy efficiency: America's Job-creation powerhouse

Oklahoma's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

14,142 people work in Oklahoma's energy-efficiency sector.

Energy efficiency jobs are in every Oklahoma county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Oklahomans money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Oklahoma's energy efficiency sector to create jobs and provide benefits for communities.

[I've] been working in weatherization for 8 years, I see the good it does for our city.
