

SUPPORT YOUR LOCAL ENERGY EFFICIENCY INDUSTRY

I work to build a sustainable, healthy, thriving community for all.

James Metoyer,
EnerCity Collaborative,
Portland, OR

Energy efficiency: America's Job-creation powerhouse 

Oregon's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

39,437 people work in Oregon's energy-efficiency sector.

Energy efficiency jobs are in every Oregon county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Oregoners money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Oregon's energy efficiency sector to create jobs and provide benefits for communities.

I manage a team that calculates energy savings in buildings.

Emily Kemper,
