Energy efficiency:
America's
Job-creation
powerhouse

Pennsylvania's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

69,990 people work in Pennsylvania's energy-efficiency sector.

Energy efficiency jobs are in every Pennsylvania county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Pennsylvanians money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Pennsylvania's energy efficiency sector to create jobs and provide benefits for communities.

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
