

SUPPORT YOUR LOCAL ENERGY EFFICIENCY INDUSTRY

My role is to educate customers on weatherization & energy conservation.

Jessica Gaskill,
BakerRipley,
Houston, TX

Energy efficiency:
America's
Job-creation
powerhouse

Texas's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

164,470 people work in Texas's energy-efficiency sector.

Energy efficiency jobs are in nearly every Texas county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Texans money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Texas's energy efficiency sector to create jobs and provide benefits for communities.

We develop software for cost effectiveness testing & EE program tracking.

Swaminathan Balakrishnan,
ANB Systems,
Sugar Land, TX

Energy efficiency:
America's
Job-creation
powerhouse

Faces of EE is an educational initiative led by E4TheFuture, a nonprofit organization dedicated to bringing clean energy home for all Americans.
