Energy efficiency: America's Job-creation powerhouse 

Washington's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

58,703 people work in Washington's energy-efficiency sector.

Energy efficiency jobs are in every Washington county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Washingtonians money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Washington's energy efficiency sector to create jobs and provide benefits for communities.

We improve the quality of [customers'] houses.
